DETAILED ACTION

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no clear antecedent basis in claim 1 for "said two oil chambers" of claim 1, lines 2-3 in that claim 1, line 1 recites "an oil chamber". Also, there is no clear antecedent basis in the claims for "said oil chamber" of claim 1, line 6, of claim 3, line 2 and of claim 7, line 2 in view of the recitation of "oil chambers" in claim 1, line 3.

3. Applicant's published application US 2004/0211632 A1 is cited to complete the record.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

5. Claims 1-7 are rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al (680), newly cited, which has an effective filing date of March 9, 2004 which is before the instant application's filing date of March 16, 2004.

See Figs. 10-11 of Yamada et al (680).

6. Applicant's arguments with respect to claims 1-7 have been considered but are moot in view of the new ground(s) of rejection.
7. Any inquiry concerning this communication should be directed to Exmr Butler at telephone number 703-308-2575.
